

Guidance for Research Proposals Submitted to the Eastern Band of Cherokee Indians

Proposals to conduct research on Eastern Band of Cherokee Indian (EBCI) tribal holdings are reviewed on a case by case basis. Please submit a project description by email to the contacts listed below. Tribal officials will determine if further documentation is needed from the applicant after initial evaluations are conducted. Include the following information in your submission:

- A. Project Title
- B. Investigators and affiliations
- C. Dates of Proposed Study
- D. Study Area
- E. Project Description

Provide a description of your project including a statement of need, project objectives, methods, and intended use of results.

F. EBCI Assistance

Describe any assistance from EBCI staff that will be required to complete study objectives.

G. Impact Summary

Identify any potential impacts to EBCI physical, biological, cultural, social, or economic resources.
